

Thameslink Programme Health & Safety – Good Practice 034

Bridgeway Safety 3-4-3 Special 019 Briefing (Safety of People at Work on or Near the Line)

Overview/Description

A special publication focussing on the new 019 Standard.

The publication can be provided as hardcopy as site documentation. An electronic version is available for company Intranets.

Key Principles of the Special Safety 3-4-3

The key principles for publishing the Special Safety 3-4-3 are:

- Provide an overview of changes to the 019 Standard
- Summary of Roles and Responsibilities
- Changes to the Safe Systems of Work Hierarchy
- New documents added to Safe Work Pack
- Summary of Risks.
- How to conduct an effective briefing

Special 2017 Issue 02
Safety 3-4-3
019
Safety of people at work on or near the line

1 Who's Who?

The person responsible for the development of a strategy and action plan to change the safety culture for the management of the line on or near the line. The person responsible for the management of the line on or near the line. The person responsible for the management of the line on or near the line.

2 Hierarchy

What you do before, during and after the job. What you do before, during and after the job. What you do before, during and after the job.

What you do before the job	What you do during the job	What you do after the job
Check the job plan	Follow the job plan	Report back
Check the job plan	Follow the job plan	Report back
Check the job plan	Follow the job plan	Report back

3 Documentation

Clearly a SSOW pack includes:

- SSOW pack verification
